INTRODUCTION

The most significant event in the world of the British Flat Pattern in 2010 was the establishment of British Champions Day.

The Flat Racing Sub-Committee was asked to consider various options to achieve a new end of season raceday. It could never have been the task of the Sub-Committee to decide the outcome, or to express a view on issues such as marketing or finance; that was for the various Boards.

The programme book is already stuffed with opportunities. Every weekend there are major races for horses of one category or another, and often midweek too. The European Pattern is an intricate balance. It has been arrived at after decades of negotiation and compromise, to avoid clashes, to fill gaps, and it works well. The success of the European programme for the best horses in the world is reflected in the worldwide rankings of its best races (as to which, see later in this Introduction). European racing jurisdictions co-operate rather than compete. Britain has always been at the forefront of European co-operation, not only in the field of race planning, but also to encourage harmonisation of regulation, international handicapping and rating protocols, sales cataloguing standards, medication control and horse welfare issues. Our view throughout was that this should continue.

The Sub-Committee recognised that it was never going to be possible to come up with a race programme which, purely from the standpoint of optimum racing opportunities, could be described as an improvement on what was there before, after decades of development. Any solution would inevitably impact on races across Europe, and therefore had to be sufficiently benign to gain Europe-wide acceptance, if not approval. What might seem best for Britain, on a narrow isolationist view, was going to be vetoed immediately by France or Ireland. It was never going to be right to propose a solution that would offend against the European Pattern and its core principles.

The Racing Department executive worked tirelessly with the authorities at Ascot and Newmarket to put all the pieces into the eventual jigsaw which you will find in the pages of this book. In all, 30 races have changed their dates and/or venue (and very occasionally their names) to achieve the aim.

British Champions Day is in the programme for 15th October 2011 at Ascot and, ultimately, European Group races (including Group 1s) were moved to accommodate it.

Whatever you may think about it, the principle or the detail, about whether the upheaval and the heartache has been worth it for a single day, that no longer matters. It has to be the job of all concerned now to do our utmost to make British Champions Day a success, with all the amended races round about it.

The Classics, Royal Ascot and the summer festivals are still there; there is a whole season to look forward to.

We are sometimes asked: "How can you claim that British racing is the best in the world?". I touched on this in last year's introduction. A look at the 2010 World Thoroughbred Rankings proves the point. Of the 68 horses (3yo and up) rated 120 or more, 19 were trained in Britain (next highest was the USA with 14). Two year olds are not included since they are ranked only in Europe and not further afield.

Judging races on the familiar Pattern protocol of the ratings of the first four home, nine of the top twenty races worldwide took place here (and fifteen in all in Europe). Owners have still wanted to keep and race their best horses here.

Can this be maintained, in the face of falling prize money? Minimum values for Pattern and Listed races are down of course, and the table for 2011 looks like this:

Group 1	(3yo+)	£160,000	(2yo)	£130,000
Group 2	(3yo+)	£80,000	(2yo)	£60,000
Group 3	(3yo+)	£50,000	(2yo)	£34,000
Listed	(3yo+)	£30,000	(2yo)	£21,500

However, those top nine races (and nearly all the other Group 1s) were all run in 2010 for prizes way above the minimum values, and bouquets are due to the racecourse executives and sponsors who continue to make that happen. Long may it continue.

Adrian Grazebrook
Chairman, BHA Flat Racing Sub-Committee

EUROPEAN PATTERN COMMITTEE

AIMS

1. The European Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality races in each age, sex and distance category within the member countries.
2. The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2 and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

MEMBERSHIP AND ADMINISTRATION

1. The Committee includes five member countries: France, Germany, Great Britain, Ireland, and Italy, represented by their respective racing authorities: France Galop, the Direktorium für Vollblutzucht und Rennen, the British Horseracing Authority, Horse Racing Ireland (HRI), and the Unione Nazionale Incremento Razze Equine (UNIRE). Any other European country which stages a race which has been granted Group status by the Committee is regarded as an associate member and may be represented at the Annual Meeting with observer status but without a vote.
2. The Secretariat will be provided by the British Horseracing Authority on terms to be agreed from time to time.
3. The Committee will have available to it the annual classifications produced by the World Rankings Supervisory Committee (WRSC) of the International Federation of Horseracing Authorities (IFHA). The Committee is responsible for nominating three members of the WRSC including a co-Chairman.

GROUND RULES

1. GENERAL RULES FOR RACES IN THE EUROPEAN PATTERN

Every race in the European Pattern must conform to the following rules:-

1. It must have no indigenous conditions.
2. It must have a permanent element within the race title, to which a prefix or suffix may be added.
3. It must justify its grouping by the quality of its runners, assessed primarily by its Pattern Race Rating.

- A Pattern Race Rating is the average of the Annual Ratings achieved by a race over a three-year period. The Annual Rating is the average of the official ratings, as agreed by the WRSC, of the first four horses to finish in any given year. In addition, the actual weight allowance received by any fillies and mares finishing in the first four in open competition will be added to their official ratings for the sole purpose of calculating Annual Ratings. If a race is abandoned during any three-year period, the Pattern Race Rating will be calculated using the average of the three most recent Annual Race Ratings available.

The Pattern Race Ratings below are the standard which a race should achieve to justify Pattern status:

Group 1	Group 2	Group 3
115	110	105

For certain races, however, other parameters will apply as follows:

3-y-o's or older fillies and mares' races

Gp1	Gp2	Gp3
110	105	100

2-y-o races (other than fillies' events)

Gp1	Gp2	Gp3
110	105	100

2-y-o fillies' races

Gp1	Gp2	Gp3
105	100	95

- Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
- Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yo's or 3yo's.

2. DEFINITION OF CHANGES TO THE EUROPEAN PATTERN

For the purposes of the Ground Rules, changes are defined as:-

- Any change to the Group of a Pattern race.
- Any change to the distance, age or sex restriction, date, venue or surface of a Pattern race.
- Any change to the permanent element in the name of a Pattern race.

4. Any change of more than 50% to the total value of a Group 2 or Group 3 Pattern race.
5. The introduction of a new Pattern race.
6. The deletion of an existing Pattern race.

3. RULES GOVERNING EUROPEAN PATTERN RACE CHANGES

(a) Upgrading of Existing Pattern Races and the Creation of New Pattern Races

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and shall be waived only in exceptional circumstances and with unanimous agreement.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

1. To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on the same date for at least the last three years. (Note: a change in venue and/or surface is acceptable).
2. An application for upgrading a race which has been abandoned once within the last three years may only be submitted if both of the last two Annual Ratings meets the required parameter.
3. A race shall be eligible for promotion if the race in question achieves both a Pattern Race Rating and an Annual Rating for the last year in excess of the applicable parameter.
4. An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
5. No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
6. The upgrading of any race already in the Pattern must be approved unanimously by the Committee.
7. A Listed race satisfying the requirements for admission to the Pattern must be introduced as a Group 3 race.
8. The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.

9. Where a country has no more than 10% of its Pattern races with a Pattern Race Rating below the required parameter, the following rules will apply:
 - (a) The number of new races to be admitted into the Pattern for that country will be limited to a maximum of two new races in any one year.
 - (b) The number of races to be upgraded within the Pattern for that country will be limited to a maximum of five upgrades in any one year.

(Note: Races to be deleted will be included when calculating the percentage of Pattern races with a Pattern Race Rating below the required parameter.)
10. Where a country has more than 10% of its Pattern races with a Pattern Race Rating below the required parameter, the following rules will apply:
 - (a) The number of new races to be admitted into the Pattern for that country will be limited to a maximum of one new race in any one year, but only if none of its existing Group 3 races has a Pattern Race Rating which is more than 3lb below the required parameter.
 - (b) The number of races to be upgraded within the Pattern for that country will be limited to a maximum of one upgrade in any one year, but only if none of its existing Group 1 or 2 races has a Pattern Race Rating which is more than 3lb below the required parameter.

(Note: Races to be deleted will be included when calculating the percentage of Pattern races with a Pattern Race Rating below the required parameter.)
11. Any country deleting a race or races from its Pattern may introduce an equivalent number of new Pattern races in the year of the deletion providing that the race(s) fulfils the necessary requirements and is approved by a majority of the Committee. This provision however will not extend to any race which is being automatically downgraded.
12. Any country downgrading a race or races within the Pattern may upgrade an equivalent number of Pattern races in the year of the downgrade providing that the race(s) fulfils the necessary requirements and is approved unanimously by the Committee. This provision however will not extend to any race which is being automatically downgraded
13. Applications for new races to be admitted into the Pattern from associate members, or from any other country wishing to become an associate member, will be considered on their individual merits and must be approved by a majority of the Committee.

(b) Downgrading or Deleting Pattern Races

The following rules shall apply to the downgrading/deletion of Pattern races:

1. For All Pattern races
 - If the Pattern Race Rating is more than 3lb below its parameter: Warning letter to be issued to the relevant Racing Authority.
 - If the Pattern Race Rating is more than 3lb below its parameter for a second consecutive year: Any downgrade shall be decided by majority vote unless the provisions for an automatic downgrade, as detailed below, apply.
2. For Group 1 races (automatic downgrade)
 - If the Annual Race Rating is more than 5lb below its parameter for each of the last three years: Warning letter to be issued to the relevant Racing Authority.
 - If the Annual Race Rating is more than 5lb below its parameter for each of the last four years: Automatic downgrade unless a material change in conditions (i.e. distance, age, sex restriction, or date) is proposed in which case it may be given one final year in which it must achieve the required Annual Race Rating or it will be automatically downgraded.
3. For Group 2 and 3 races (automatic downgrade)
 - If the Annual Race Rating is more than 3lb below its parameter for each of the last two years: Warning letter to be issued to the relevant Racing Authority.
 - If the Annual Race Rating is more than 3lb below its parameter for each of the last three years: Automatic downgrade unless a material change in conditions (i.e. distance, age, sex restriction, or date) is proposed in which case it may be given one final year in which it must achieve the required Annual Race Rating or it will be automatically downgraded.
4. The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern race by the country concerned. However, no country will have any right of veto in such circumstances.
- c. In assessing upgrades, admissions, downgrades (except in the case of automatic downgrades) or deletions of races to or from the Pattern, the Committee may additionally take account of:
 1. The ratings of the four highest rated horses in any race as well as the first four to finish.
 2. The effect on the shape of the Pattern in the country concerned and/or the effect on the shape of the entire European Pattern.
- d. The following rules shall apply to any other amendments defined as changes to Pattern races:

1. Any change to the distance, age or sex restriction, date or venue of a Pattern race must be approved unanimously by the Committee.
2. Any change of surface, any change to the permanent element in the name of a Pattern race, and any change of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.

4. LISTED RACES

The Committee will be informed at the Annual Meeting of the total number of Listed races in each country and any proposed increase in the number of Listed races will be discussed by the Committee prior to the additional Listed status being granted by the country concerned.

The Committee will also review the quality of all Listed races based upon the Race Ratings for the last three years.

Any Listed race whose Annual Rating fell below the stipulated level for three consecutive years should have its Listed status removed unless a material change in conditions (i.e. distance, age, sex restriction or date) is proposed, in which case it may be given one final year to achieve the required Annual Rating:

- Listed races for 3-year-olds or older other than those confined to fillies and mares: 100
- Listed races for 3-year-olds or older fillies and mares: 95
- Listed races for 2-year-old other than those confined to fillies: 95
- Listed races for 2-year-old fillies: 90

Any country which fails to strictly adopt this procedure will not be permitted to increase its total number of Listed races.

5. WEIGHT-FOR-AGE AND SEX ALLOWANCES

The Committee aims to achieve greater standardisation of the weight-for-age and sex allowances in all member countries.

6. NOTIFICATION & IMPLEMENTATION OF CHANGES

1. All Pattern race proposals for the following year must be notified to the Secretariat by December 1st for immediate circulation to all member countries. This requirement shall be observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.

2. Proformas for upgrades/promotions must be completed in full and returned to the Secretariat as soon as all the information is available. The Committee may reject any Pattern race proformas returned with incomplete information.
3. Changes shall be implemented for the immediate season if accepted according to the Ground Rules.
4. Until agreement has been reached by the Committee, there must be no official statement to the media of any proposed changes to the Pattern.

GROUND RULES FOR BRITISH LISTED RACES

The British Horseracing Authority, through the Flat Racing Committee, will ensure that the integrity and the value of all black-type in Great Britain is maintained. As such, the rating parameters utilised to adjudge Listed races in Britain will be adhered to strictly and any races which are felt to be underperforming will lose their Listed status. In order to clarify the protocol concerning the downgrading of any domestic Listed races, the Flat Racing Committee will be working to the following rules with immediate effect:

A Listed race will have the Listed status removed if such a race has:

- A three-year average rating which is more than 3lb below the required parameter

together with one of the following two:

- Each of the last three annual ratings are below the parameter,

Or

- Two of the last three renewals have an annual rating which is more than 5lb below the parameter.

In such cases the race will lose its Listed status immediately (i.e. for the following year).

The Flat Racing Committee retains the right to deviate from these Ground Rules in exceptional circumstances.

It should also be noted that as far as Listed Handicaps are concerned, the Committee will utilise the ratings of the four highest rated runners when calculating the race rating, rather than the first four placed horses
